## TEDS 18-YEAR STUDY

Dear <Twin Forename>,

You have been a part of this major study since you were born and we are very grateful for the contribution that you have made. Now that you are an adult we would like to find out about your plans for higher education and employment. This data will help us to build on what we already know and further our research into cognitive and emotional development. We would be grateful if you would complete this short questionnaire and return it as soon as possible in the freepost envelope provided. As always your contribution to our research is much appreciated.

Best Wishes, TEDS Team
